

Veteran Edition—December 1999

What's New on the VISN 2 Website?

New VA Billing Procedures

On September 1, 1999, VA changed the way insurance companies are billed for medical care. This information explaining the policy change was sent to enrolled veterans in Upstate New York.

TopGun 2000

The VISN 2 website was nominated by veterans to the TopGun 2000 awards, picking up First Place in the category of Government Sites. This annual competition enhances veterans' awareness of Internet resources.

Veterans Rate VA Services High in Satisfaction Survey

Eighty percent of VA healthcare users are more satisfied than two years ago. Find out more at the Network 2 Customer Service site.

<http://www.va.gov/visns/visn02/customer/service.html>

Behavioral Health Care Line Headlines

The Behavioral VA Health Care Line provides a monthly news feature of Care Line Headlines. A Health Care for Homeless Veterans Program (HCHV) program brochure is now also available on the site.
